SKILLS

- **Programming Languages :** C , CPP, JAVA , Python Programming.
- **Web Development:** Html ,Css , Java Script , React , React-Native , Node Js.
- **Data Base:** My Sql , Mongo DB.

PROJECTS

2048 game   [Explore](#)

Developed a fully functional 2048 game using React, featuring an intuitive user interface and an engaging gameplay experience. Implemented key functionalities such as tile merging, random tile spawning, and a responsive layout.This project demonstrates strong proficiency in React, JavaScript, state management, and integrating multimedia elements into a web-based game

Diary

Developed a mobile diary application using React Native, allowing users to securely create, edit, and store daily journal entries. Integrated backend support with Node.js to handle data storage and user authentication. The project showcases expertise in React Native, mobile app development, state management, and backend integration.

EDUCATION

Bachelor of Technology (CSE)   **Nov 2022 - Present**

Aditya Engineering College   surampalem
- 8.77 Cgpa

InterMediate (MPC)   **July 2020 - April 2022**

Pragathi Junior College   peddapuram
- 90.5 %

Secondary Education (10)   **Juy 2019 - April 2020**

Ravindra Bharathi School   jaggampeta
- 10 Gpa

ACHIEVEMENTS

- I achieved the July and May 2024 monthly coding badges and solved 400+ problems on LeetCode.
- I've earned 5-star badges in C++, Python, and SQL on HackerRank.
- I reached Division 3 level in the weekly contests on CodeChef

---

CERTIFICATIONS

- Python Certificate (Guvi)
- Programming Essentials in C++ , Javascript Essentials 1,2 (Cisco)
- Basic Java , Javascript and Intermediate Sql (Hacker Rank)

CODING PROFILE

- LeetCode
- geek for geeks
- HackerRank
- CodeChef
